

## TOR for IPPABX Integration with Traditional PABX

### Description of Works:

Save the Children International (SCI) is using traditional PABX System and IP PABX in Gulshan and Banani office. Fusion Net is existing service provider of IPABX system. SCI will integrate all the existing Panasonic PABX with IP PABX of different office locations this vendor. After integration of the PABX it should be capable of direct dialing capacity, i.e. if any extension behind PABX can have the privilege to send its dial number through co line, extension must not have any obligation to reach outside number after PABX by pressing any digit.

### Scope of Work for IPPABX & PABX Integration:

Supply of Hardware: The Fusion Net will have supply following hardware after receiving of Purchase Order in SCI Gulshan office within 3 days. The detail BOQ are:

SL#	Description	Quantity	Rate	Total Amount
1	8 port FXO gateway	1 Pcs		
2	8 port FXS gateway	5 Pcs		
3	16 Port FXS gateway	1 Pcs		
4	2 port FVA supply and configuration (Khulna, Sylhet, Noakhali & Jhalokathi)	4 Pcs		
5	Installation and Configuration (Gulshan, Banani, Habiganj, Meherpur, Barisal)	5 area		

### For other Charges:

SL#	Description	Price	Remarks
1	Monthly connectivity charge		
2	Local call charge (per minute)		
3	International call (per minute)		
4	Other Service if any		

Installation and setup of items: The vendor will setup all equipment and install extension number for the user

System Design of IPPABX Network: The supplier will design network of IPPABX and will submit detail diagram with the proposal.

Extension Number Planning: Unlimited extension number will be generated.

Configuration and Integration: The vendor must configure FXS Gateway and FVA to integrate traditional PABX with IP PABX for SCI offices.

Location: The Vendor will physically visit to Gulshan, Banani, Meherpur, Barisal, Khulna & Habiganj offices for setting up FXS & FXO Gateway.
